

Introduction to Scouting - Venturer Scouts

The Introduction to Scouting needs to be completed when you join the Scouting Movement for the first time or if you join Scouting again after having a break.

The topics below cover some of the key understandings and knowledge sharing opportunities about Scouting more broadly. Discuss the topics with your Unit Leader, Patrol Leader or adult Leader and get them signed off. It is not a test and you don't have to do this all at once. It can happen over a few weeks.
