- A Unit Camp or Unit Holiday
- Adventures in the outdoors
- Planning a diverse range of activities across the four Challenge Areas
- Participating in District or State activities
- Gather information such as this Program Planner

DO>

This is where the fun begins!

Some helpful tips

- **We all participate in our own way.**
We've programmed well if all our Scouts participate in the program recognising that we can all participate in different ways.
Some will be happy just participating, others will be keen to assist and lead.
- **Learn by doing.**
The Do> offers Scouts the opportunity to learn through practical experiences and activities. Along the way every Scout will experience success and the occasional need to improve. It's all part of the journey and the Plan>Do>Review> process.
- **Your program is a living document.**
Sometimes there are times when things are beyond our control and as a Unit Council you need to be prepared and open to changing and adapt your program if the need arises.
- **We are one Unit.**
The best outcome for all Scouts occurs when the Unit Council and Unit help and support each other to be the best we can be.
- **Have fun.**
The most important tip! Your program should be challenging and adventurous but most importantly, **FUN!**
